COMMENTS FROM THE TOWN MANAGER'S OFFICE

The following is a continuation of last week's column concerning the proposed Bethel Utilities District.

If this act is voted on favorably by the voters, within thirty days after town meeting the Selectmen will appoint three trustees to handle the affairs of the district.

It is expected that eventually this town, as well as others, will be prohibited from having outfalls of raw sewerage in the river. To correct the condition will require a renovation of the existing system, resulting in considerable cost. The adoption of this act will provide the necessary legal mechanics to carry out any renovation that may be required.

When the bill was drafted provisions were included that the district could purchase the interests of the Bethel Water Company, providing they wish to sell. During the time elapsed from the drafting of the act in late 1960 and the redraft made in Feb. 1961 to its passage by the Legislature, a change took place in the management and affairs of the water company, which would indicate that the opportunity for proposed utilities district to acquire the company would now be rather remote.

It is hoped that each voter will give this matter due consideration, voting 'yes' if he believes that it is for the best interest of the town, and voting 'no' if he feels that it is not needed at the present time.

Sincerely,
Harold L. Bean

RURAL HOUSING LOANS EXPLAINED BY CHAIRMAN

Twenty-five applications totaling $125,430 were acted on at a Farmers Home Administration Committee meeting held at South Paris on February 1, 1962, stated Erville Fernald of Stow, Chairman of the Committee. Other Committeemen attending the meeting were Edward Kahkonen of Norway, Merle Brown of North Norway and Elwyn R. Morrow, County Supervisor for the South Paris office.

According to Mr. Fernald interest in the new Rural Housing program added to this large demand for loans as nine applications for this type of loan were reviewed.

Mr. Morrow advised the group that most towns in Oxford County are eligible for Rural Housing Loans. In fact, he stated that only the three towns of Norway, Rumford and Mexico are not eligible for this type of loan. However, he added that rural areas of these towns are eligible for Rural Housing Loans.

Morrow says that loans amounting to $1,500 for improvements can be paid back in 10 years at the rate of $15 per month. A 20 year loan for a $10,000 home would be payable at the rate of $62 per month. The FHA office for Oxford County is located on the second floor of the Masonic Building in South Paris.

LOCAL JAYCEES TO HOLD AMATEUR NIGHT FRIDAY

This year for the first time the Bethel Jaycees will hold Amateur Night for all ages in and around Bethel. Cash prizes will be awarded to winners. Help your Jaycee chapter help your community. Come to the Amateur Night Friday at the William Bingham Gym. There will be no reserved seats.

DENTAL HEALTH POSTER WINNERS ANNOUNCED

The Second Dental Health Poster Contest was conducted in schools of Bethel, Newry, and Locke Mills from January 8 to 22. Mrs. Vance Richardson, chairman, was assisted by Mrs. Norris Brown, Miss Helen Varner and Miss Jane Greig.

Serving as judging committee were Miss Jane Greig, Mrs. Marah Webster, Mrs. Faye Taylor, and Mrs. Ruth Brewster. The winners of the competition have been announced, and silver dollars will again be awarded to the first prize winners.

First Prize winners:
West Bethel: Karen Jordan.
East Bethel: Anita Swan.
Locke Mills: Jonathan Roberts.
Newry: Powers school, William Brooke, Branch school, Lee Vail.
Bethel Village:
Grade I: Esther Buck.
Grade II: Richard Loranger.
Grade III: Susan Hutchins.
Grade IV: a tie decision with awarded to Douglas Farrar and Andrew Davis.
Grade V: Alan Remington.
Grade VI: Vicki Brown.
Grade VII: Harlan Bean.
Grade VIII: Brenda Sweetser.
Honorable Mention:
West Bethel: Barbara Merrill, Pamela Walker.
East Bethel: Muriel Boyce and Carolyn Tyler.
Locke Mills: Thomas Swan and Dale Crockett.
Newry: Eddie Bennett, Powers School; Boyd Lane, Branch school.

He is a graduate of Woodstock High School.

ATTENDANCE RECORD BROKEN AGAIN AT SUNDAY RIVER

This past Sunday found skiers at Sunday River Skiway setting new attendance records with bright sun and fine powder skiing aiding and abetting. The new snow harrow and Ad Saunders' mobile snow blower have kept conditions good through this week, and good skiing is promised for the coming week end.

A large number of inquiries regarding reservations for the Washington's Birthday week end has already been received, and local inns and tourist homes will be full to bursting. In addition to the usual spurt of interest in this traditional skiers' week end, the number of visitors to Bethel will be swelled by the USEASA Junior Alpine Championship which will be held February 23, 24, 25, at Sunday River.

HOSPITAL AUXILIARY

The Bethel Auxiliary of the Rumford Community Hospital met Monday evening at the home of Mrs. Lincoln Fiske with nine members present.

The annual Smorgasbord will be held Friday, March 23, at William Bingham Gym.

The annual Charity Ball was discussed and an early May date was decided on.

The Auxilary will hold a food sale on Friday, Feb. 16, at the home of Mrs. Henry Hastings.

The next meeting will be March 5th at the home of Mrs. Leland Brown.

The Week in Oxford County

Oxford County Superior Court convened at Rumford on Tuesday, Feb. 6. Hon. Armand A. Dufresne, Jr., of Lewiston, is presiding.

Car racing on the ice at Lake Pennesseewassee is popular. It is reported this sport will continue each Sunday through February, if the ice remains thick. $94.00 was realized for the March of Dimes campaign. Contributions were taken from spectators.

Rumford Community Hospital is planning a Seminar for graduate nurses who have not practiced their profession for a period of time and are interested in returning to active duty. The sessions will begin Monday, Feb. 26. Classes will be at the Nurses' Residence.

The Oxford County Christian Youth Council met at Fryeburg Sunday at 2:30 p. m. in the New Jerusalem Church. The panel discussion was under the direction of Rev. George Harvey. Panelists were from Oxford, Mexico, Bridgton, and Norway groups. Worship services were led by Norway and Bethel groups.

Open house at the new municipal building, Dixfield, on Sunday afternoon was largely attended. The post office opened Monday morning in its new quarters.

Plans for the 1962 Rumford Community Hospital Fair are under way. Officers of the Auxiliary are: president, Mrs. Leonard A. Roy; vice president, Mrs. Bernard Mayer; treasurer, Mrs. Ralph Caldwell; secretary, Mrs. Willard Stone;; directors, Mrs. Thomas Dickson, Mrs. Robert Clunie, and Mrs. Loring McFail.

CAUTION IN SCHOOL-CHILD PICK-UP AND DELIVERY

The well-meaning parent who drives his youngsters to and from school each day can be a serious safety hazard, the Maine Highway Safety Committee says, warning against double parking and other dangerous practices in school areas at opening and closing time.

The Committee emphasizes that there is a heavy concentration of "child traffic" in school areas in the morning and mid-afternoon, and parents waiting in cars or letting off children add to the safety problem.

"Dangerous practices" listed by the Safety Group are:

Loading or unloading children on the opposite side of the street from the school. This practice invites the child to open the door on the street side and run across, or dart from around the car.

Double parking. This creates a hazard for other children who must cross the street and sets a bad example in its disregard for the law.

Stopping on the crosswalk. This is unfair to the youngsters crossing the street and to the School Safety Patrols who deserve your full cooperation.

Pulling in front of a school bus. In a last minute dash to get their child on the bus, some parents pull up and block the bus. Such a practice endangers not only the life of their youngster but those on the bus.

The Committee set forth the following rules for parents driving their children to and from school:

Drive children only if absolutely necessary. Going to and from school on their own can teach youngsters self-reliance.

Have a designated location to meet your child. This should be on the schoolside of the street, away from the crosswalk or corner, and, if possible, on a different side of the school building from that which the pedestrian children are using.

Have your child sit well back in the car seat, preferably using a seat belt.

Lock all car doors. Children can be taught to do this for themselves.

Know and have respect for all traffic laws and schoool regulations. Observance of the law contributes to your child's safety and training.

4-H NEWS

Read Romans 8:31-39

Nay, in all these things we are more than conquerors through him that loved us. (Romans 8:37.)

In our service for the Master, we are often too eager to see our accomplishments right away. Dwight L. Moody tells that one morning he was in his study, cast down because he could not see much fruit of his work.

One of his friends came in and sensed his gloom. The visitor asked Moody if he had studied the life of Noah. Moody replied, "No, I never studied his life particularly."

When the visitor left, Mr. Moody took down his Bible and read how Noah struggled and toiled for God many, many years, yet never got discouraged.

Moody said to himself, "Well, I ought not to be discouraged." The clouds lifted, and he could say: "Let us ask God to forgive us, if we have been discouraged and cast down; let us ask God to give us hope, that we may be ever hopeful."

If the Lord wants us to work without any fruit, let us work on for Him. God helping us, we can do our best, and leave the rest in His hands.

PRAYER: O God, give us an unquenchable love for Thee, Grant also that we may see the challenge of helping others love Thee. Inspire us to do our best for Thee and leave the results in Thy hands. For the Saviour's sake. Amen.

Thought for the Day

If we do our work for the Master, God will not permit it to be without fruit.

COUNTRY FLAVOR

ONE LONG RING

It is reported that soon a hillside farmer will be able to poke a calloused finger tip into his whirligig dial contraption, and dial the number of his uncle who is spending the winter in California.

The countryman is opposed to so much progress. He wants to return to the days when a man could step up to a box on the kitchen wall, turn the little crank for one long ring and here Mabel say, "Number please?"

Mabel knew every voice in town so all one had to do was say, "Mabel, if Bert Johnson is home, I'll talk with him a minute." And Mabel knew — she knew all that was going on in town, and she knew what news to spread and what to keep to herself.

If Bert had gone to Center Junction, she knew it, and she knew what time Bert would be back. Along with giving you numbers that you didn't have to ask for, and she gave housewives news of the town, how sick folks were doing, and that Mrs. Jones' sister and six children from Center Junction were coming next Sunday for dinner.

Of course, sometimes the party lines with a dozen or more families became congested with listeners; but everyone knew it and governed himself accordingly. The party line was more than a social service. In event of daytime emergency, Mabel rang one long call and in a matter of minutes help was on the way. In the dead of night, a telephone ring meant trouble, and receivers went off the hooks and neighbors hurried to give aid.

The old time ways are gone. Progress must be served. But there are those who think the simpler things of simpler days meant more flavorful and happier living.

Diane Hanscom, daughter of Mr. and Mrs. Ray Hanscom, Greenwood, who celebrated her seventh birthday Jan. 27.

NEW BOOKLET DEPICTS ROLE OF WOODS INDUSTRY ON MAINE'S ECONOMY

The forest-dependent industries of Maine provide jobs for more than 30,000 wage earners, with a combined yearly payroll of $136 million.

These figures are given in a new booklet, "Maine Forest Facts," just published by the Maine Committee of American Forest Products Industries, Inc., sponsor of the Tree Farm System of multiple-use forest management.

The booklet also says that Maine is growing more wood each year than is being lost to harvest and natural causes and that this mounting wood supply "will not only permit expansion of the forest industries now in the state but surely will attract more wood-based industries as the state's and the nation's demand for wood and wood products grow."

The booklet attributes the healthy state of the woods to the eagerness with which landowners have adopted the multiple-use forest management program prescribed by the American Tree Farm System. Under the program, woods owners protect their trees from fire, insects, and diseases; replant idle areas; and harvest in a way that assures repeated crops of trees. They also recognize the multiple-use principle which means that the forests are simultaneously used to produce wood, provide wildlife habitat, conserve water, and provide areas for recreation.

The 16-page booklet is being distributed to the press, land planners, and state officials who have a need for the latest information on the extent and condition of the forest resource of the state. Teachers and others may order single copies without charge from Maine Committee of American Forest Products Industries, Inc., 612 Eastern Trust Bldg., Bangor.

It is not enough to do good; one must do it the right way.

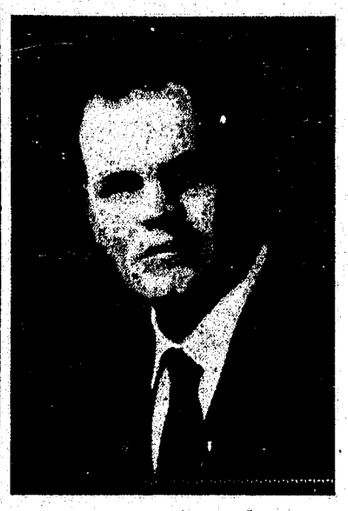
PARKER ANNOUNCES SHERIFF CANDIDACY

Terrence C. Parker of Norway seeks the Democratic nomination for Sheriff of Oxford County. A native of Oxford County, Parker was born in South Paris, October 30, 1935. He attended Norway High School, Bridgton Academy in North Bridgton, and earned college credits while in the U. S. Army.



Terrence C. Parker

Parker served as a non-commissioned officer in the U. S. Army for nearly seven years, most of the time in the Military Police. Parker has received extensive training in Military Police work of all forms, and at the time of discharge was a Guard Commander at an Atomic Warhead installation in Italy.

Parker served with the 25th Infantry Div. in Korea and Hawaii, being attached to the U. S. Marines in Korea. He was also a paratrooper, assigned to the 82nd Airborne Infantry Div., Fort Benning, Georgia.

Since discharge Parker has served as body guard for the Governor on two occasions, and as a temporary Game Warden. While serving as a Game Warden, he assisted in the arrest and conviction of twelve game law violators. He is now employed by the U. S. Forest Service, a member of the Norway Reserve Police, and active in the Norway Civil Defense Unit.

In 1956 Parker married the former Mary Brill of Norway. They have one son, Terrence, Jr.

The following is an eleven point platform proposed by Parker for the Oxford County Sheriff's Department.

1. 24 hour on duty deputies.
2. Alert vehicle (station wagon) with resuscitator, first aid equipment, fire extinguishers, cameras, and other type of investigational and rescue equipment.
3. County Jail Reform: a. Prisoners up at 4 a. m. and in bed at 9 p. m. b. Eliminate the winter "gravy train." c. Policing of county roads.
4. Require all deputies to complete the entire FBI Academy Training course for Police Officers, or its equivalent.
5. Mandatory termination of criminal duties for deputies at age 60.
6. Increase the attention given to liquor law violations with special attention to those buying alcoholic beverages for minors.
7. As much patrolling of outlying towns without full time Police protection as the County budget will permit to act as a deterrent to crime.
8. Increased cooperation with Federal, State and local law enforcement agencies.
9. Cooperation with newspapers and radio stations.
10. Require that all new deputies appointed by the High Sheriff be subject to confirmation by the County Commissioners.
11. All deputies to receive one weeks formal refresher training each year at Federal or State Police Academies, in law enforcement techniques.

SCHOOL NEWS

The first meeting of the arithmetic extension course was held at Crescent Park School on Tuesday. Clyde P. Jones, Instructor, Department of Mathematics, Farmington STC, is teaching the course which will run for 15 weeks, during which time modern mathematics will be introduced together with the needs and problems involved in teaching elementary mathematics.

A second extension course is scheduled to begin next Monday. At that time, Mose Lambertson, Assistant Professor, Department of Social Sciences at Farmington STC, will begin an introductory course in Sociology which will have 15 meetings and for which undergraduate credits will be given. Classes will meet at Crescent Park at 3:30 p. m.

Both the arithmetic and sociology extension courses are open to interested persons. Further information may be obtained from the Extension Division, Farmington STC, or the office of the superintendent of schools.

West Paris elementary teachers met recently at the High School to discuss the elementary reading program. Problems associated with development of a child's reading skill at different ages and grades were considreed. Another meeting is planned to review the reading course of study published by the Department of Education.

The Greenwood sodium fluoride project for pupils in grades 2, 5 and 8 will begin on February 26.

Effective Monday, February 12, the Locke Mills school will close at 3 p. m. for the remainder of the school year.

AMA ADVISES SKIERS TO BE IN GOOD CONDITION

A few years ago a newspaper article on ski injuries would have been of national interest only to a relatively few people in the mountain areas of the northern fringe of the United States. In the winter of 1961-62 skiing has grown to major proportions and Americans over a wide section of the nation are heading for the slopes and runs on winter week ends. Artificial snow machines make skiing possible even in areas that have little or no snow, and many fans are traveling long distances to the mountain ski resorts.

Get and stay in good physical condition, and don't be overconfident in estimating skiing ability, and you're not likely to suffer serious injury, says an article in Today's Health, the magazine of the American Medical Association.

Ski experts advise several weeks of daily exercise before braving the slopes. Ten minutes a day of knee bends, toe-walking, deep waist bends and a few push-ups will condition the body for simple skiing. For the thigh muscles, sit on the edge of the table and lift the legs, straightening them out slowly. Add light weights to each foot and keep up the exercise.

Beginners are cautioned to take ski lessons from an expert instructor. Learn controlled skiing, learning how to check your speed and learning to avoid feats beyond your ability. Never ski alone. A buddy can go for help in case of accident.

Weekly Stock Market Round-Up

Prepared by the Investment Research Department of Hemphill, Noyes & Co., 8 Hanover Street, New York 4, N. Y. Members of the New York Stock Exchange

February 6, 1962

RESEARCH REVIEW

This week's *Research Review* comments about *U. S. Rubber* and *Alside, Inc.*

U. S. Rubber continues to be one of our favorites for good yield and moderate capital appreciation. Earnings for 1961 are estimated at $3.85 per share and an improvement to the $4.50 range is possible for 1962.

The company is one of the four leading rubber companies, with sales approaching $1 billion per year. About one half of sales come from tires with the balance from other lines of rubber products, footwear, and chemicals. Like others in the industry, U. S. Rubber is expanding its own retail outlets from 40 in 1960 to an expected 200 in 1964.

A good auto year is expected in 1962 which will boost sales and earnings in the tire business. With anticipated increased earnings and a well secured $2.20 dividend we believe that U. S. Rubber stock should be purchased at this time.

Alside, Inc. is the leading factor in the aluminum siding industry. Although earnings dipped modestly in 1961, the plans for the future of this company could provide very rapid earnings growth.

Alside has announced plans to produce modern design prefabricated aluminum homes on a scale larger than any present prefabricator. The prototype home which is on display at the Akron plant has 1,512 square feet, three bedrooms, two baths, a two car carport and is designed to sell, erected, at about $12,000, less the lot. The exteriors will be of aluminum framework, with foam insulated wall construction and insulated windows. The floor and roof will also contain foam insulation. The interior of the home will have a fully equipped modern kitchen, including a dishwasher, a disposal, a counter top range and built-in oven, a refrigerator and freezer. The bedrooms will contain built-in wardrobes, dressers and mirrors. These homes have been designed to meet the requirements for FHA, VA and conventional mortgage financing.

Production of these homes, 200 per day, is scheduled to start late in 1962 and the anticipated net profit of over 5 percent could begin to be recorded during the fiscal year ending September, 1963. Current earnings will suffer from writeoffs of some startup costs for the project.

It is well to remember that this is all theoretical but, that it is what the company is shooting for. Only time will tell if they are right or wrong, but in the meantime the stock looks like an interesting speculation on the possibilities that the company will do as it has planned.

YORK - ABBOTT

Miss Naomi Truth Abbott of North Paris became the bride of Charles Russell York of Bryant Pond, in a pretty candlelight service Saturday evening at 6:30 performed by the Rev. Alton Verrill of Woodstock, at the home of the bride's parents.

The bride was attired in a white street length gown with illusion net veil and was wearing a corsage of red carnations.

Mrs. Roenell Cummings, sister of the groom, was matron of honor, and wore a navy blue suit with light blue accessories and her corsage was pink carnations.

The best man was Rodney Abbott, brother of the bride.

A reception was held immediately following the ceremony with Mrs. Roenell Cummings cutting and serving the wedding cake and Mrs. Effie Herrick, Sumner, Mrs. Joan Damon, North Paris, in charge of the punch bowl.

The bride was educated in the West Paris schools. She is the daughter of Mrs. George Gibbs and the late Albion Abbott.

The bridegroom is the son of Mr. and Mrs. Sherbourne York, Bryant Pond. He was educated in the Woodstock schools and is employed by Mills, Inc.

Those attending were: Mr. and Mrs. George Gibbs and son, Kevin, North Paris; Mr. and Mrs. Sherbourne York, Mr. and Mrs. Frederick Noyes and children, Frederick, Sherbourne, and Anna Beth, Mrs. Vera Robbins, Edward Schultz, Mrs. Hazel Strout, all of Bryant Pond; Mrs. Elizabeth Abbott, Rodney Abbott, Harlan Abbott, James Abbott, Laurie Abbott, Mr. and Mrs. Roenell Cummings and children, Florice, Roenell and Trudie, Mr. and Mrs. Henry Damon, all of West Paris; Mr. and Mrs. Wesley McAllester, Mr. Coro, Mrs. Edith Damon, Mrs. Lucille McInnis, Norway, and Michael Bukanc and Kenneth Tardiff of Auburn.

DENTAL CLINIC TO TAKE NEW PATIENTS

Applications are again being taken for admission of children to the Dental Health Clinic sponsored by the Bethel Health and Service Council.

Already, three of the original 10 patients have received certificates for completed care. The children attending the Clinic have been selected from students enrolled in the second grade in the area schools, as follows: Bethel Primary 4; West, and East Bethel, and Newry, 1 each; and Greenwood, 3. In order to distribute care fairly, and to use the Clinic time to best advantage, Mrs. Natalie Timberlake, R. N., Dental Health Chairman, is now receiving applications from interested parents. This will allow children to be taken care of in the remaining clinic sessions if the new patients can be ready for their first visit soon. The next clinic will be on Wednesday, February 14.

In selecting patients the following guides are used:

First, the child is to be in Grade Two. Each patient's family must also show a definite interest in sharing and continuing a program of positive dental health for the child who attends clinic and for other children in the family.

Naturally, some priority is given to families with low income in comparison to size of family, although a registration fee of one dollar is asked and families must assume responsibility of transporting children to and from clinics.

Inquiries about the Clinic, which is an area-wide program, to encourage dental health through teaching, protecting, and correcting, should be made directly to Mrs. Samuel Timberlake, at VA 4-2234, only.
